FACULTY OF ARCHITECTURE & PLANNING
AKTU, Tagore Marg, Lucknow

Government College of Architecture, now (FOAP, AKTU)

The institute traces its origins back to 1911, as a part of the Government College of Arts & Crafts. It is one of the oldest architectural institutions in the country. In 1976, it separated from the Government College of Arts & Crafts and was renamed the Govt. School of Architecture. Later, in 1980, it became the Govt. College of Architecture, Lucknow (popularly known as GCA, Lucknow) and attained the status of a constituent college of Lucknow University.

Until the academic session of 1999–2000, the college, forming the Faculty of Architecture of Lucknow University, conducted a five-year degree program leading to a Bachelor's degree in Architecture (B. Arch).

Starting from the academic session 2000–2001, as per a government directive applicable to all technical institutions of the state, it was affiliated with the newly established U.P. Technical University, Lucknow (now AKTU) for all academic matters.
